DAYTONA'S NEEDS DISCUSSED

Tonight At Armory By Mrs. Caro-
line Bartlett Crane, Under Aus-
pices Palmetto Club.

AN INVITATION EXTENDED TO ALL

This evening at 7:30 o'clock Mrs. Caro-
line Bartlett Crane, of Kalamazoo,
Mich., will deliver a lecture at the Ar-
mory under the auspices of the Civic
Department of the Palmetto Club on
matters pertaining to civic improve-
ment.

The Daily News is in hearty accord
with the lecture enterprise and hopes
the talented speaker this evening may
have a large hearing.

It is pretty generally conceded by
every one who visits Daytona that it is
one of the most charming resort cities in
all the Southland. Nature did marvels
for this place when she gave it the finest
beach in the world; when she threw up
the charming peninsula in wavy ridges;
when she furrowed out the broad Hal-
fax, and when she gave the swell to the
western shore with its magnificent forest
growth. These blessings and attractions
with a score of others which might be
enumerated give Daytona irresistible
charm. While all this is duly appreci-
ated and the picture is exquisite it must
not be supposed that the acme of perfec-
tion and beauty has been reached and
that this city can sit supinely and rest on
its laurels. On the contrary every one
interested in a better and more attrac-
tive Daytona must keep everlastingly
at it.

Suppose for instance that every man
and woman who owns a piece of prop-
erty in the limits of the city, whether a
vacant lot, a business house, a dwelling
with grounds surrounding or what not
were imbued with a burning ambition to
make his little possession the most at-
tractive piece of property in the city,
what think you would be the result five
years hence? Daytona wouldn't be a
stone's throw from Paradise. Visitors
who come this way would not want to
explore farther; the extreme Southern
shore, the Islands and Cuba would not
longer appeal to them.

While the Daily News is keenly alive
to the many charms of Daytona it is not
unmindful of some of its shortcomings
and defects. It may be the province of
the lecturer this evening to point out
some of these shortcomings and suggest
the easiest and quickest way out.

Mrs. Crane is skilled in these matters;
they appeal to her and she has made a
close, critical, comprehensive study of
civic conditions as they obtain in the
various cities and by comparison she can
hold us up for inspection and give us
our bearings and point out the paths to
greater heights and to greater glory.

Civic Improvement is a big theme and
Mrs. Crane is said to handle the question
in a masterful way.

She came here making a long run from
the North, and will go from Daytona to
a Pennsylvania city to deliver a course
of lectures.

It is hoped a large and representative
audience will greet Mrs. Crane this eve-
ning at the Armory.

A. SCHANTZ CHIPS IN SIMOLEONS.

Shows His Interest in Daytona
And Her Future By Contribu-
tion and Otherwise.

RESTING AND RECUPERATING.

Contributions to the auto and aro-
plane carnival are still coming in, now
and then unsolicited. Adam Schantz
and his family are spending some
time in the city for the rest Mr. Schantz
needs; he takes a decided interest in all
matters pertaining to Daytona's present
interest and prospective good. It is
such interest in the city's prosperity
that prompted him yesterday to chip in
\$100 on the automobile races.

Mr. Schantz' Daytona friends very
much hope that his sojourn in the genial
soft salt air and invigorating ocean
breezes may brace him up and equip
him for the arduous duties he assumes
at his Ohio home, where his large and
varied business interests keep him on
the alert all the time.

He has his interests well in hand from
the fact that it is well organized and
efficiently manned. The splendid or-
ganization of his Daytona holdings give
evidence of that though they are small
in comparison with his holdings in Ohio.
He and his family are resting quietly
at a cottage on Second avenue and if
things go well he will remain in Daytona
for the season.

ACCORDING TO DeGARMO.

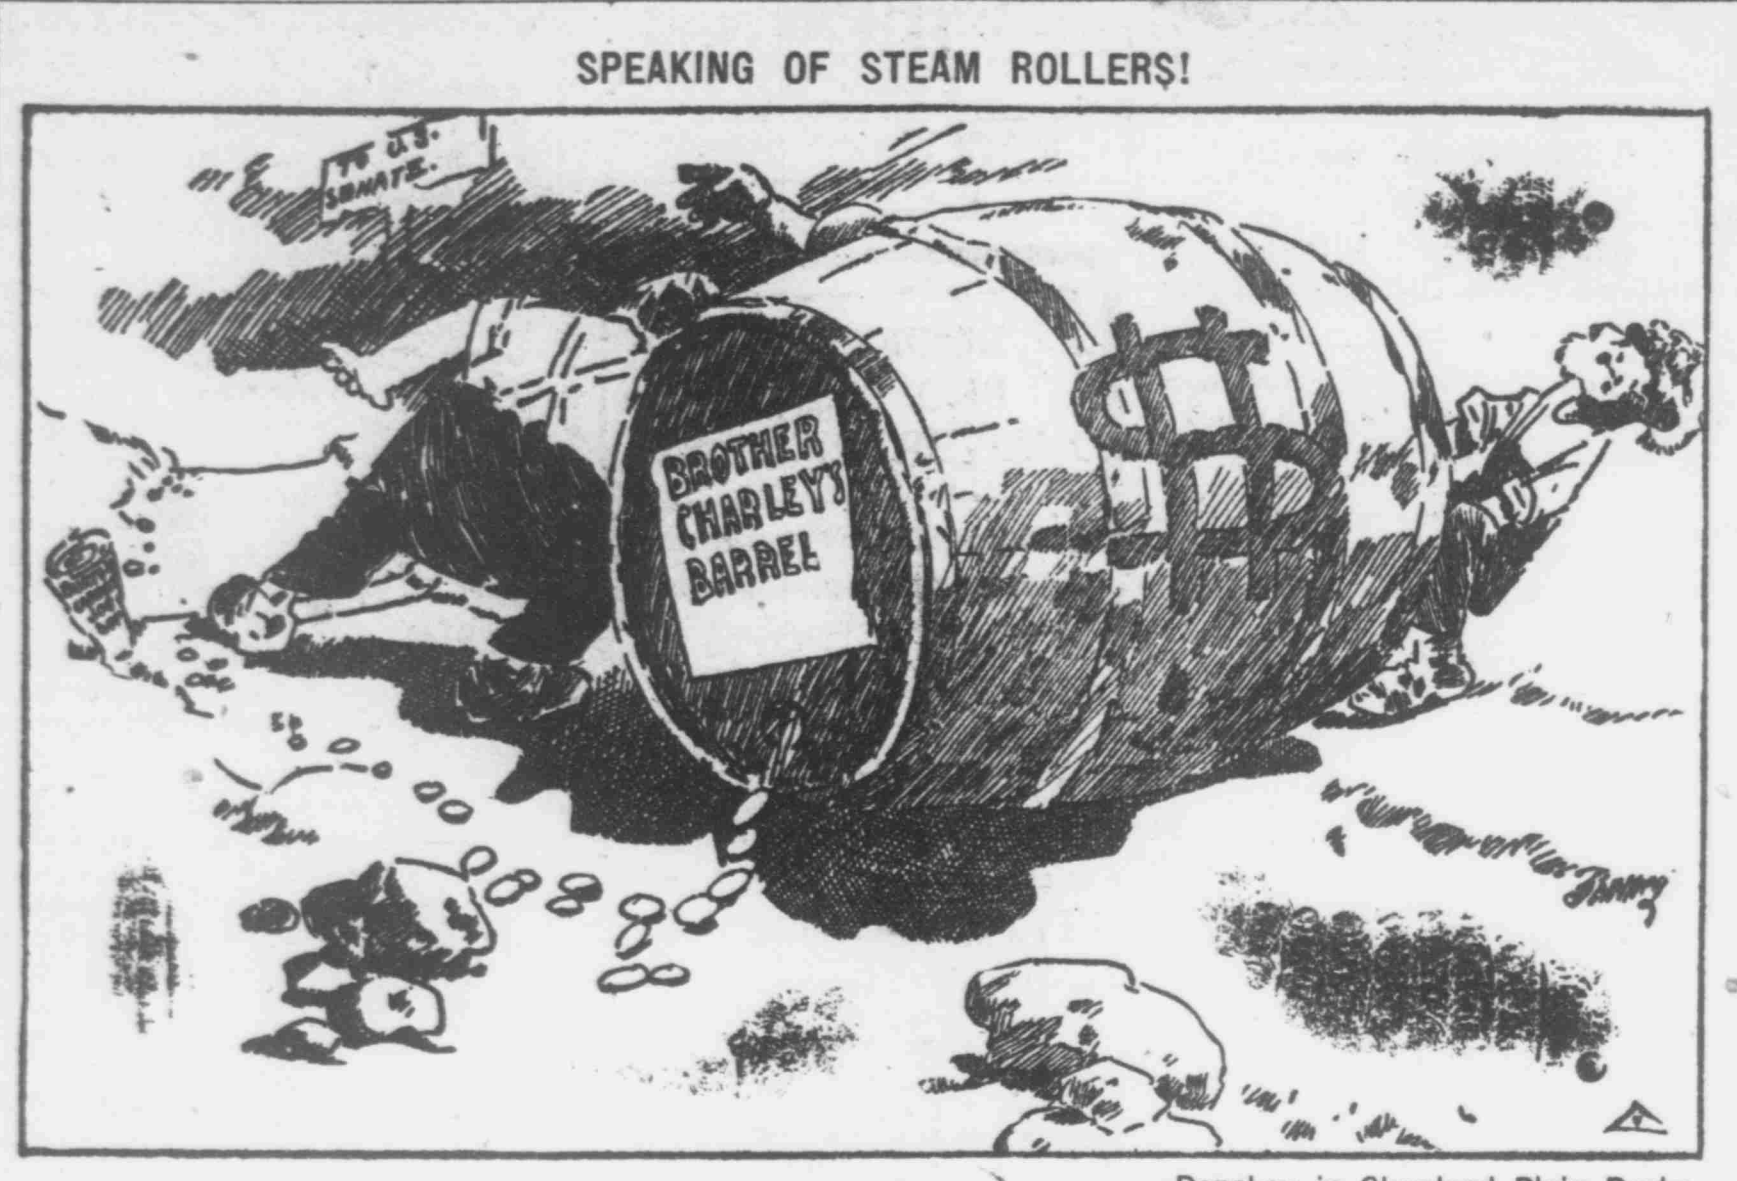

After having met and gone over the
various plans submitted by the different
architects for the proposed new school
building, the committee arranged with
Architect De Garmo, of Miami, to work
out the plans in detail. Since the
plans submitted by Mr. DeGarmo came
more nearly meeting the ideal building
plans the local committee had in mind
than that of any other architect, they
entered into an agreement with him to
perfect the plans, making certain altera-
tions, changes and additions which they
thought would the better meet the Day-
tona requirements.

It is worth noting here that the local
board has not yet let the contract to
construct the building to Mr. DeGarmo.
That is a matter for subsequent action.
The contract with him so far is only for
the complete working out of the archi-
tectural plans.

When these new plans are submitted
to the school board it will be in order to
float the bonds and close a deal for the
construction of the school building.

A number of citizens interested in the
matter have gone ahead of the school
board and have about completed the
new building. This explanation is meant
to arrest their attention and ask them
to slow down a little while the board
puts in a few licks and catches up with
them.

THE SHAH vs. SAMSAH KHAN.

(By United Press.)

TEHERAN, Persia, Jan. 14.—The
Shah today began his threatened move-
ment against the revolutionists who set
up the provisional government under the
leadership of Samsan Kahn by sending
General Firman with a large army
against the revolutionary stronghold. It
is understood that the foreign legations
have asked their governments for pro-
tection, believing that whichever side
wins in the pending struggle the lega-
tions are sure to be filled with refugees
from the defeated side.

SLIGHT AUTO ACCIDENT WEDNESDAY AFTERNOON

When Wheel Came Off Car Owned
By Harry Quigg—Ralph Quigg
Bruised.

Ralph Quigg was more or less
scratched and bruised, and the front
axle of the Cadillac machine owned
by Harry Quigg was pretty badly
twisted when that car met with an ac-
cident about 4:30 Wednesday after-
noon, caused by a wheel coming off
without warning.

Clarence Bracey was driving the car,
and Ralph Quigg riding with him in the
front seat. When going west at a point
on Magnolia avenue between Pal-
metto and Ridgewood avenues, the
right fore wheel came off without warn-
ing, precipitating the axle into the
sand in the street, and causing the ma-
chine to swing around to the right with
great force, slightly injuring Ralph
Quigg as before stated. The young man
was thrown to the street, his knees being
scratched, and his right thumb
sprained. It was fortunate that the car
was going at low speed, climbing the
slight hill at that point. Had this not
been so a more serious accident might
have been reported.

With the aid of a number of men in
the neighborhood the car was jacked up
and the wheel that had gone astray was
finally located in the driveway between
the A. H. Kling and George N. Cham-
berlin cottages.

\$500,000 IN WEDDING GIFTS.

(By United Press.)

NEW YORK, Jan. 14.—The Earl of
Granard, King Edward's Master of
Horse, was married to Beatrice Mills
this afternoon. Miss Mills is the daughter
of Mr. and Mrs. J. Ogden Mills, of the
New York banking family.

The bride has a fortune of \$10,000,000.
The wedding took place in the Mil-
lman, the ceremony being performed
by Monsignor Lavell of St. Patrick's
Cathedral, the groom being a Catholic.
The bride was given away by her
father. The best man was Hon. Don-
ald Forbes, of London.

The value of the wedding presents is
estimated at \$500,000.

DECORATE, EVERYBODY.

Tomorrow will witness the arrival in
Daytona of a large delegation of visiting
Elks from a number of Florida's prettiest
and most wide-awake cities.

One of the first things in the morning
should be the decorating of the business
houses and as many homes as you will.
This will show interest and the fellow
spirit which the visitors will appreciate.

Already a number have decorated or
are preparing to decorate and it is ex-
pected that by noon tomorrow Beach
street front will present an interesting
picture.

Don't lose sight of the fact, too, that
you are billed for the line-up at the
depot to receive the visitors and act as
escort down town. This will be appre-
ciated both by the local Elks and by the
visiting delegation.

Two Killed, Two Wounded.

CHICAGO, Jan. 4.—Two workmen
were reported killed and two fatally wounded
in a head-on collision between work
trains on the Chicago & Northwestern
railroad today.

Hankins says:

Urgent means are taken to guarantee
purity in all our drugs. We demand
purity when we buy, and then to make
sure we get what we order, we examine
carefully the drugs after we get them.
If an article is found impure, we send
it back. We don't allow it to stay in
the store.

If you have a prescription filled here

know—that it is compounded of abso-
lutely pure drugs, and the doctor's

MRS. ANNIS IN LIME-LIGHT

(By United Press.)

FLUSHING, L. I., Jan. 14.—While
Prosecutor Darrin summed up, by her
sobs Mrs. William E. Annis occupied
the center of the limelight in the Thor-
nton J. Hains murder trial this morning.
Darrin without eloquence reviewed the
evidence at length. Hains showed the
strain of the ordeal. He was plainly
nervous and for the first time showed
fear. Darrin was asked by Justice
Crane to complete his address by
3:00 o'clock, so that the case can be
given to the jury this afternoon.

The present total comes somewhat
short of the amount required by the
committee and more contributions are
urgently needed.

PRAYERS FOR CESSATION.

(By United Press.)

ROME, Jan. 14.—Prayers are being
offered in the churches today for the ces-
sation of the earthquake shocks, which
have been felt since the Sicily and Cal-
abria disasters. On account of the ignor-
ant fears of the people the priests order-
ed the devotion. Survivors of the disas-
ter are on the verge of collapse and the
continual quakes are causing hysteria.

HOSTELRY CONSUMED.

(By United Press.)

TOPEKA, Kan., Jan. 14.—Fire broke
out in the Copeland Hotel early today
and the entire structure is doomed.
The Copeland was a favorite resort of
the members of the Legislature who are
here attending the opening of the Gen-
eral Assembly. The guests are supposed
to have all escaped although a few are
unaccounted for. It is reported that
many were injured in jumping from
windows.

A GREAT SCHEME OF COLONIZATION.

Duke De Litta Proposes To Bring
Five Thousand Colonists and
Settle In Florida.

BIGGEST EVENT SINCE TURNBULL

(By United Press.)

PARIS, Jan. 14.—It was given out to-
day that the Duke De Litta, who owns
a Florida estate of thousands of acres of
fruitful soil, has declared that he would
make a colonization offer to the Sicilian
earthquake sufferers.

He proposes to accept at least 5,000
survivors with their families and will, as
quickly as he can arrange matters on his
American estate, transport them to the
new soil, where they will convert the
wastes into extensive vineyards, or-
chards, groves, farms and gardens.

It is the Duke's purpose to assign so
many acres to each man, one half of the
land to be given to the settler and the
other half to remain the property of the
Duke. The land is to be used alike and
the settler is to share equally the profits
with the Duke.

World-Traveled Bishop of M. E.
Church Declares Daytona The
Prettiest Spot on Earth.

HE NEXT GOES TO EUROPE.

(By United Press.)

Rev. D. H. Rutter reached home
Tuesday morning from Miami, where he
was in attendance on the St. Johns
River conference of the M. E. church,
acting as secretary of that body.

Mr. Rutter states that Rev. Herman
G. Porter, who, with his family is ex-
pected home today, has been returned
as district superintendent of the Jack-
sonville district and will continue to
make his home at Daytona.

Mr. Rutter has also been returned to
Daytona, which will be good news to the
many friends whom he and his excellent
wife have made both within and outside
of the church circle.

Rev. C. E. Parsons is transferred to
Eustis and Rev. W. L. Barge is appoint-
ed to fill the vacancy thus created at
Daytona Beach. Reverend Rutter is
personally acquainted with Rev. Barge
and speaks in the highest terms of him,
both as a man and a minister of the
gospel.

Rev. and Mrs. Rutter had for their
guests, Tuesday, Bishop Earl Cranston
and Mrs. Cranston, who were en route
from Miami, where Bishop Cranston was
presiding bishop of the St. Johns River
conference, to their home in Washing-
ton, D. C., where he is resident bishop.
Mr. and Mrs. Rutter took Bishop and
Mrs. Cranston on an automobile tour of
Daytona and they were both delighted
with the city's beauty and the bishop
declared it to have been one of the
greatest days of his life. So pleased
was he that he has decided to visit Day-
tona again next winter.

The bishop, although he has traveled
all over the world, finds Daytona a most
attractive place and the prettiest he has
ever seen.
Bishop Cranston in about three weeks
time will leave for Europe where he will
preside at all annual M. E. conferences
held during the year.

KERN LOSES TO SPIVELY.

(By United Press.)

INDIANAPOLIS, IND., Jan. 13.—Ben-
jamin F. Spively was this morning nomi-
nated for the Senatorship by the Demo-
crats. The caucus began with a bitter
fight. John W. Kern, the foremost op-
ponent of Spively, lost votes on the six-
teenth ballot.

Spively won on the eighteenth ballot.

Another Good House.

Coburn's Greater Minstrels played to
another good house at Wilman's Opera
House Wednesday night.

Without doubt this is the best show
J. A. Coburn has ever had on tour.
The real hits of the entire performance,
however, are the singing of the baseball
quartet, and the knockabout act of the
Devere Brothers. Regie Futch made a
decided hit. From here the show went
to St. Augustine.

ALFRED SHRUBB, HOLDER OF MANY SPRINTING CHAMPION-
SHIPS.

Alfred Shrubb, the famous distance runner, who is now a Harvard coach,
seeks to wrest the Marathon laurels from Tom Longboat, the feet footed
Indian who defeated Dorando. Shrubb is a sprinting marvel. He holds
more records at the running game than any other man who ever lived. He
has defeated relays of the fastest runners with ease and should give the tall,
slender red man a race worth going far to see.

The Modern Seven Wonders

Daytona's Incomparable Ocean Beach.
 One of Daytona's crowning glories is her incomparable beach. No one who ever set foot upon its smooth, packed sands; no one who ever pedaled a bicycle over its expanse; no one who ever drove a prancing pair of horses and listened to the popping of their steel shoes upon its asphaltum-like face; no one who ever steered a high-power automobile down the broad stretch of wave-washed and surf-packed sand but realized that it is a world-beater, a world-wonder. Go stand upon this wide speedway and see the happy souls flit by in joyous mood, and answer whether this is not one of the seven modern wonders.

The Placid, Pelucid Halifax River.
 Where think you is water with more picturesque surroundings? Nearly a mile wide, fringed with tropical vegetation, artistic cottages with roomy verandas looking out upon her bosom, gamey food fishes in countless numbers beckoning, as it were, to those with rod and reel; her bosom flecked with duck and coot and snowy-winged sea birds, which sit about as if for the sport of bobbing upon her waves; watch that lubberly old white headed pican perch a fat mullet, and that fish hawk struggling upward with his floundering load he snatched from the water.

See the beautiful launches, spick and span, their hampers and lockers bulging with refreshments both solid and liquid ready for a cruise upon her beautiful surface. Take out your field glass and sweep the river from Ormond bridge to Ponce Park light house, then say whether the Halifax isn't a thing of beauty and a joy forever, and one of the modern wonders.

The Enchantingly Picturesque Ridgewood.
 Ridgewood Avenue is upon the crest of a broad ridge, straight as the crow flies, and the wide-spreading branches of the heavy-trunked liveoaks extend their giant arms across this magnificent vista, forming an arch, and from these extended arms great festoons of Spanish moss sway as the trade winds from tropic seas fan them. Looking straight ahead down this white shell street one has the impression of a fairy path with elfish draperies, but as you move along and cast an eye first to the right and then to the left you see distinguished cottage homes in the most delightful settings.

See the glistening leaf of the grand magnolia which nature has varnished as no artist's brush ever could; and the cabbage palms with their burdens of showy fruit and swaying palms; see the lovely holly with its exquisite berry; see the climbing vines running riot in the trees; see the cryptogamons forms which gain a foothold on the great oaks and the stately palms, and surely you will join in the chorus and say that this is a world wonder for beauty.

Surpassing Beauty of Our Cottage Homes.
 No one of Daytona's attractions, perhaps commands more nearly universal attention and praise than does the artistic cottage. The owners of these charming villas hail from every corner of the country and they bring their own architectural plans and build upon them, and as the architecture of one section of the country differs from the architecture of another so do our homes differ in outward appearance and structural beauty from one another. There are no monotonous rows of strikingly similar buildings but the eye, as it sweeps by, is treated to a kaleidoscopic change which keeps the mind wondering "What next?"

It is not only the exterior of many of these homes that rivets attention; within they are models of convenience, and the finish and furnishing give evidence of the elegance and cultivation of those who worked it all out. Indeed it is the interior arrangement and the artistic furnishing and shading, more than the exterior appearance that give a surpassing charm to Daytona homes. This feature justly merits prominence as wonder number four.

Streets and Pavements the Most and Best.
 Why the Architect of the Universe chose to give to Daytona the most admirable, the most picturesque natural setting of all the cities of the South is not revealed but that such is a fact must be apparent to the most superficial observer. With such lavish wealth of natural beauty it became an easy thing for the hand of man to give the little finishing touches which have brought out the colors and outlines of the big picture.

Man did all this in the laying out of the streets with their wide margins of parkage. The entire city becomes a great park, with driveways intersecting, miles upon miles of driveways so good as to attract motorists from all over the continent.

And as for pavements, pavements that look and act like granite,—where else between the eastern and western seas are so many miles in proportion to inhabitants? The pavement question stands with the street as one of the chief drawing cards. Till some unheard-of

place reports more and better, Daytona throws down the gauntlet to the world.

Squirrels, Flowers, Birds and Fruits.
 Whatever one's shortcomings and however indifferent or even callous one may be to many things, the mere mention of "squirrels and flowers, birds and fruits" will send a thrill that is reflected in distended pupils and pricked ears.

For every visitor with a spare "goober" there is a bunny ready to come out and accept your gift. He will sit bolt upright and gnaw into the meat, casting furtive, saucy glances at you meanwhile.

Flowers! Usually fresh and blooming the year 'round. You are reminded of Goldsmith's couplet where Smiling spring its earliest visit paid And summer's lingering blossoms are delayed.

In one yard roses of variegated hues predominate, another household have a penchant for the poinsettia and the premises are aflame; another is hidden in a jungle of tall cane. Variety is the spice of life and here is where you find it.

The birds flit in, and with their joyous notes help to give fullness and symmetry to the picture.

As for fruits, choice citrus fruits, Daytona yields the palm to none for quality and quantity per acre. There are scores of citrus groves in proximity to the city, branches bending to the earth with their burdens of luscious golden globes, which for beauty, prolificacy and all desirable qualities would truly astonish.

The Fastest Autos And The Finest Out.

The seventh world wonder, do you ask? Come, whether from Missouri or from Maine, from Kalamazoo or from Timbuktoo and you will be "shown." Here is where world's records for speed are broken with every recurring season. Autos the biggest, the fastest and the finest are on daily parade and the big show is as free as the pure artesian water from the thousand flowing wells. It is a continuous show with constantly shifting scene.

Everything goes, from a 2-horsepower up to a 200-horsepower, and all degrees of speed from a canter to a two-mile-a-minute clip. You will probably catch the spirit and when you do the roads and the beach are yours. The Florida sunshine is free, the balmy ocean breezes are free, the birds and squirrels and flowers are free, the sparkling fountain water is free and you will have to go down in your wallet only for coin for the auto and bed and board.

This is no fanciful picture; it's all here. It is drawing other thousands and holding them enthralled, it will charm and hold you. Come and see.

Blunders of the Types.
 Ever since the introduction of typesetting errors, weird or comical, have emanated from printers' offices. The mistakes are not always to be shouldered on to the compositor, for bad handwriting must be taken into account. Here are a few instances of actual blunders collected by a proof-reader in the course of his daily work:
 "His blushing bride" was transformed into "his blustering bride."
 A major was stated to have "served with destruction in the army." The writer thought he used the word "distinction."

"The Galley I Love" was the description of a picture entitled "The Galley Slave."

Speaking of theatrical folk, a critic wrote that "nearly all have husbands or wives." The paragraph printed read "hundreds of wives."

"They sailed for three days around the cape and finally slaughtered a small Italian" should have been "sighted a small island."

One more in conclusion. "He takes delight in talking on his family shame" was a shameful thing to say when "favorite theme" was meant.

CONFESSED TO KILLING.

(By United Press.)
YORK, Pa., Jan. 14.—Detectives announced this afternoon that they had a complete confession from Harry Keener, the farmer accused by Miss Laura Tausser, his housekeeper, of killing a strange man and interring the body on his farm. Keener claims the killing was done in self defense. According to the authorities the stranger, having come to the house at night, demanded admission under threats of death. Keener killed him and interred the body next day in the orchard. Later he dug it up, hacked it to pieces and buried the parts on various sections of the farm. Keener says the girl assisted in the burial.

(By United Press.)

The authorities are powerless to resist without court's order.
The unemployed are backed by socialists. The invaders are begging seed from neighbors.

W. A. Jones, of Catskill, N. Y., who has been in the city about a week, left for home Tuesday afternoon. Mr. Jones last year purchased an orange grove near that of J. B. Hinsky and Mr. Hinsky has since been looking after it for him. He is so well pleased with its appearance and progress that he will add 500 young trees to the original grove. Mr. Jones, who is in the fruit business, says our Halifax oranges are unequalled for solidity fine flavor and appearance and he carried away with him a grip full full of them to distribute among other dealers on his way home as samples of fruit from this section, fruit such as they seldom see, he says, in their markets.
